

I am showing you.....

On the inside.....

I need you to.....

## SOCIAL ENGAGEMENT

**Feeling safe, staying in relationship, connection oriented**

**You might say I am:**

- Making eye contact
- Listening
- Responding to instructions
- Expressing emotions without overwhelm
- Seeking co-regulation
- Engaging in play and exploration
- Learning

**I am feeling:**

- Safe
- Calm
- Happy
- Sad
- Annoyed
- Frustrated
- Angry BUT not overwhelmed
- Reflective
- Motivated to learn
- Playful
- Curious
- Open
- Interested

**My body says:**

- Approach others
- Sit still
- Breathe deeply
- Relax muscles
- Notice my body's feelings and sensations

**Help me to stay engaged**

- Be in tune with your own regulatory capacity – where are you in your window?
- Let me lead some co-regulations by being safe, attuned and responsive
- Play and have fun with me
- Teach me self-regulation strategies that I like to build my inner resources
- Role model positive relationships
- Set boundaries and natural consequences
- Use reflective and problem solving skills so I can learn them too
- Engage top down learning – ‘Next time I feel angry, I can....’ I may not always be able to use them but I can practice them!
- Notice and acknowledge my strengths and my skills
- Help me to find my own sense of who I am

I am showing  
you.....

On the  
inside.....

I need  
you to.....

### Help me to down regulate

- Keep me safe
- Be in tune with your own regulatory capacity – where are you in your window?
- Co-regulate – be safe, attuned and responsive to me
- Use movement – big then smaller, jumping, hanging, swinging, climbing, star jumps
- Use time in (not time out) – letting me stay close or close by when it's safe to
- Name big feelings and body sensations
- Tell me I am safe and demonstrate it with your actions
- Use weighted blankets and toys
- Provide sensory strategies – crunchy or chewy foods, hot water bottle, a warm drink, a tug of war, pushing against a wall, yelling down the plug hole or into a pillow
- Creating a safe space near you where I can retreat to until I calm down
- Model deep breathing
- Repair our relationship – 'we are ok and our relationship is strong'

I am showing you.....

On the inside.....

I need you to.....

## IMMOBILISATION

- Tiredness
- I want to hide
- Slow
- Sleep
- Curl up in a ball

**Help me to up regulate**

- Be in tune with your own regulatory capacity – where are you in your window?
- Co-regulate – be safe, attuned and responsive with me
- Tell me I am safe and demonstrate it with your actions, gestures and tone of voice
- Use time in (not time out) – letting me stay close or close by when it's safe to
- Help me to orient to the room we are in by looking for specific things like something green, something on the roof or something on the floor
- Help me to feel my body by noticing different parts, such as my feet on the floor and my bottom on the chair
- Gently squeeze my hands, my arms or my legs if you think our relationship enables that
- Ask me to wiggle my toes
- Provide sensory strategies – a cold drink, splash my face with cold water, crunchy food, squeezing different objects, playing with play dough
- Help me find a movement that helps – stretching, swinging, swaying
- Name my big feelings and body sensations
- Repair our relationship – 'we are ok and our relationship is strong'
